2666: The Part About Fate. If the transition from the first part of 2666 to the second raised an eyebrow in abandoning the chief figures of the first part, but lowered it in concentrating the geographical and topical focus more tightly to its ostensible core subject - the murders of hundreds of women in northern Mexico - then the third part initially seems, even given the many branching diversions of 2666, a

*2666: The Part About the Crimes* (Book 4) For better and worse, the fourth section of Roberto Bolaño's *2666* was, almost universally, not what I expected. At the end of the section Fate is fleeing from St. Theresa with Rosa, whose father has asked Fate to take her to the U.S. and then put her on a plane to Spain. Part four is about the murders of women in St. Theresa. A great deal of the chapter simply tells, murder by murder, what is known of the stories of these women.

Bolaño's 2666: The Part about the Crimes. 2666 is a postmodernist epic written by the late Chilean author Roberto Bolaño. Written in the years leading up to his death, the novel was published in 2004, released posthumously a year after Bolaño's death, and for a relatively modern book it carries the weight and renown that Bolaño's legacy demands. Challenging the very definition of a novel and story-telling, 2666 is sprawling, vast, intimidating, overwhelming, and as such, it would ...

Roberto Bolaño's 2666 also returns to the point of departure, to "the scene of the crime," as one character puts it. In many ways, The Part About Archimboldi deposits the reader back in the world of The Part About the Critics: a European world, insular, preoccupied with the struggle between nationalism and cosmopolitanism, and preoccupied with literature - preoccupied, in particular, with Benno von Archimboldi, the elusive novelist pursued by the critics of the first part, and here followed ...

### **2666, Part 4: The Part About The Crimes by Roberto Bolaño**

There is a passage in The Part About Fate (page 266-267) in which a white-haired man describes how many deaths happened even centuries ago, but went unreported, as these were people who were not part of society (“the ones killed in the commune weren’t part of society, the dark-skinned people who died on the ship weren’t part of society, whereas the woman killed in a French provincial capital and the murderer on horseback in Virginia were”).
