The best test-prep book (in any subject) that I've come across so far. I used this book to study for the AP Biology exam without having taken AP Biology, or any other Biology course, and didn't start studying until the spring semester before the AP Biology Exam, but still managed to score a 5. When I tried to use the Barron's test prep books ...

Barron's: The Trusted Name in Test Prep

Great book, has everything you need to pass the AP biology exam. This book version is all you'll need. Don't spend more money on the newer versions of this book because this is just as good. This was a good investment because it helped me pass the exam with a 3, even though I just SKIMMED over the book once or twice.
