and willing to take part in the research. Our simulations deal with fundamental problems of the Universe, which cannot be investigated in a laboratory.

Bing: At Home In The Universe

Kauffman's At Home in The Universe suggests the idea of autocatalytic sets as what brings a natural order to original chaos. A natural order means that the order we experience is not an unlikely accident, but one that is bound to occur in some way. Autocatalytic set theory suggests that life arose from a

Amazon.com: Customer reviews: At Home in the Universe: The ...

At Home In Universe. At home in the universe. Introducing electromagnetic fields and plasma into the cosmological model has implications beyond the realms of pure science, even impacting our sense of place in the universe. If invisible electric streams extend across great reaches of what we have thought of as empty space, then not only is the space not empty, but it has a moving energy, in effect linking some "here" to some "there."
