Thus, at the time former colonies are elevated to the status of free nations and define their own identity, a memory marked by a history of violence, slavery and genocide arises. According to Aleida, nations recall those wounds in an attempt to obtain, at present, an acknowledgment of the suffering and abuse they passed by.

This paper draws attention to the contributions of memory sites to social memory and urban identity, and then points out the effects of designing memorials that are integrated into daily life in cities on societies from a design perspective. ... because the main issue is the representation of the history of a nation, community or a minority in ...

Balkan Identities Nation And Memory

The contributions demonstrate that the Balkans are a normal object of study like any other area: memories there, though not the non-existent 'Balkan memory', are like memories elsewhere but have their local specifics, and identities, though not the missing 'Balkan identity', are like identities everywhere.
