Field Ecology Skills Guide - Home | CIEEM

Field Ecology Skills Guide. The 'Survey Skills Pyramid', which had been developed by Sarah Whild and Sue Townsend (©2003), separated biological survey skills into levels of competence. The competence levels covered all stages of experience from beginners to experts (such as national referees). The pyramid provided an effective guideline for the development of survey skills and provided details for the expected

level of experience required to progress from stage to stage.

Field Ecology Major B.A. | Ohio University

Practical Field Ecology: A Project Guide introduces students to experimental design, field monitoring skills for plants and animals, data analysis and interpretation, as well as report writing and presentation.
