### **Condition and Performance Rating Procedures for Rubble ...**

The U.S. Army Corps of Engineers (USACE) Repair, Evaluation, Maintenance, and Rehabilitation (REMR) program was designed to focus attention on maintenance and to record and build baseline data to monitor deterioration rates of these structures. This REMR project addressed equipment used to operate lock, valve, and dam structures, which include assemblies such as: exposed gear assemblies, enclosed gear assemblies, gear rack assemblies, strut arm assemblies, rocker arm assemblies, cable ...

### **Bing: Remr Management Systems Navigation Structures**

REMR program is a group of projects dedicated to the development of computerized maintenance management systems for coastal and inland waterway navigational structures. The general intent of these REMR Management Systems is to provide maintenance managers at all levels with tools to promote easier and more effective maintenance and budget planning.
