Quick Start Guide

User Guides... - OpenOffice.org

When writing a manual, you need to put on a “user’s hat” and think like a user. You should have a good understanding of your users so you can understand the information they need to know, their background, and their knowledge of the product. Once you think like a user, you can write content that the users need to know.

Online Technical Writing: User Guides

The other features of Writer listed above are also covered in detail in other chapters of this guide. Starting Writer If you are reading this document in OpenOffice.org, you already know how to start Writer. However, if this is a printed version or a PDF version, you may not know how to start Writer.
